EDMONTON REPORT

EDMONTON. What is the future of farming under continued mechanization? Does it mean that the farmer is liable to become the employee of large farming companies holding vast tracts of land and working it with ever-improving types of farm equipment?

That isn't the way Stuart S. Lee, general manager of Cockshutt Farm Equipment Ltd., Brantford, Ont., sees it. Interviewed while here on a business visit with S. Gordon Cockshutt, company president, Mr. Lee described some of the developments and aims of the farm implement business.

While he forecast bigger and bigger farms as a result of machinery he did not believe the farmer would ever become just an employee.

"A farmer is too much of an individualist," he said. "He is an important citizen and the success of his farm depends to a large extent on his own ingenuity."

"No, I don't think they will become cogs in a large-scale farming machine. They are not seeking a five-day week and although they work longer hours, they are compensated by being their own bosses."

The increasing size of the farms, of course, will mean fewer farmers, a trend that has been taking place for many years. Percentage-wise, Mr. Lee estimated that where 85 percent of the nation's population was engaged in producing food years ago, it is now down to about 20 percent.

"The objective of our industry," he said, "is to make it possible for one-man farming operations. With farm labor so scarce, with more and more persons seeking city wages, the farmer has to do his own work."

He suggested that with the development of the self-propelled combine the harvesting end of farming "is pretty well looked after" and the methods of haying are being studied. He said the hay baler is the most popular method of haying in the west today.

The trend is to hydraulic equipment in all types of farm machinery.

Great and recent strides in farm motive power were indicated in the interview with Mr. Lee. The use of the tractor on a wide level is a development of the past dozen years, during which time, Mr. Lee estimated, the number of tractors on Canadian farms had increased eight-fold. Today there are about 400,000 tractors performing the work that not so long ago depended on a vast army of horses and is still carried on in many countries by horses, oxen and even elephants.

Despite the number in use the tractor population is increasing by about 55,000 a year. There are about 4,000,000 in use in the United States.

"A farmer just can't afford to do his work any other way today," the implement man said. "The next major development will be power steering for tractor and combine."

As far as the implement industry itself is concerned the problem of getting steel has eased and the period between ordering and delivery has been shortened—but another problem is cropping up. Steel and labor costs are rising.

It puts the business in the middle because while it pays more for materials and labor, the customer of farm machinery, the farmer, is finding his prices for produce, and consequently his income, going down. Asked if the price of implements is going to go up, Mr. Lee said it would if it were not for the decrease in farm prices.

The most serious situation to the industry is the lack of an export market. Many countries are in need of machinery to improve farming methods and produce the food necessary to feed vast populations, but they haven't the dollars to buy the machinery from non-sterling countries. The trade Canada had before, Mr. Lee explained, is largely sought now by countries under the sterling monetary system, with West Germany becoming a large factor.

But the old world countries are

A disastrous hail storm struck the north and east part of the Vulcan district last Friday, causing damage up to 100 per cent in an area totalling some thousands of acres.

Sweeping in from the north and accompanied by strong winds, the storm hit Brant and the area centred around the corner store, then swept east and a bit south to hit the north Reid Hill district and on to the Armada and Lomond districts, where heavy damage is also reported.

Majorville and Milo districts were also hit hard by hail on Friday and full extent of the damage will not be known until further reports are received.

Fall rye and early sown wheat crops are considered a total loss. Some of the later-sown wheat may make a comeback, but will be subject to frost damage this fall due to the lateness of the season.

The main storm hitting this area is reported to have been about six miles in width, narrowing to three miles as it moved east. Lomond was hardest hit north and east of town and the hail was accompanied by heavy rain.

Young Couple Wed in June

Baskets of spring bouquets massed the altar of Vulcan United Church Wednesday afternoon, June 24, when Frances May, daughter of Mr. and Mrs. W. J. McIntyre, and Daniel James White, son of Mr. and Mrs. W. B. White were united in marriage. Rev. Peter Dawson, champion, officiated at the double ring ceremony.

The bride, given in marriage by her father, wore a cocktail-length gown of white nylon lace and net over taffeta, which was styled and made by the bride herself. The fitted lace bodice fashioned a low scalloped neckline and short scalloped sleeves. The bouffant skirt featured a flaring tier which was daintily caught up in scallop effect around the entire skirt and held in place by delicate pink apple-blossoms. Her finger-tip veil of nylon illusion misted from a crown of pearl-encrusted daisies and elbow-length lace mitts completed her ensemble. Her bouquet was composed of a white orchid surrounded by pink roses.

The bride also wore the groom's gift which was a gold wrist watch. Mrs. Lionel Lucas, matron-of-honor, wore a semi-formal model of pale blue lace and net with matching gloves and headress. Her bouquet was of pink carnations. Misses Joan Thomas and Shirley McIntyre attended their cousin as bridesmaids. They were frocked in coral and maize lace and net respectively. They completed their ensembles with matching bandeaux and elbow gloves and carried bouquets of Kokomo carnations.

Carolyn and Marilyn Webber, twin nieces of the bride, wore flower girls and wore full skirted gowns of Nile green net over taffeta with matching bonnets. They carried baskets of mixed spring flowers.

The groom was attended by his brother, Mr. Terry White, and ushers were Mr. William Lucas, uncle of the groom and Mr. Everett McIntyre, brother of the bride. The wedding music was rendered by Mrs. W. W. Almond, and Mr. Harold Ulmer sang "Oh Promise Me" while the register was being signed.

A three-tiered wedding cake flanked by candelabra and mixed spring bouquets centred the bride's table at a reception in the Church.

seeking the advice of Canadian implement companies. Cockshutt has an arrangement with Iran, whereby men of that country study the handling and servicing of farm machinery in the company's Canadian plant.

Incidentally, this company now has a major sideline that is a long way from producing farm machinery. Under contract with and supervision of the Canadian government, the company is tooling flame tubes for jet planes such as the Sabre and Rolls Royce. Mr. Lee suggested it could become a major part of the company operation should jet power come into general civilian use.

Veteran Member Unanimous Choice

Hansell Again Nominated To Contest Macleod Seat

Ernest G. Hansell, M.P., of Vulcan, received the unanimous nomination for the fifth successive term at the Macleod Federal Social Credit constituency convention at Fort Macleod on July 3, when some 70 delegates from all zones were in attendance.

Hon. Peter Dawson, MLA, presided and speakers were James Hartley, MLA, Hon. Ivan Casey, and William Kovach, MLA. Officers elected were Leighton Buckwell, president; J. G. Dickinson, Claresholm, Ernest Dixon, Fort Macleod, and A. Radford, Pincher Creek, vice-presidents.

Executive members elected were Beth Cochran and Mrs. A. Dykstra for Macleod zone; W. A. Macleod, Pincher Creek and Louis Feller of Hillcrest for Pincher zone; Robert Beacom of Arrowwood and Alex Andrews of Barons for Little Bow. Marion Caldwell and R. Froese for Cardston; Gordon Cameron and L. Seaton of Cayley for High River; Mike Speaker and Jack Conner for Taber riding areas. Agent appointed was John Hunter of Vulcan and secretary-treasurer, Lily Russell of Fort Macleod.

During his address, Mr. Hansell stated that the Liberals and Conservatives are "practically written off in Western Canada, with both being more afraid of Social Credit than of any other party."

Social Credit is on the move, and

E. G. Hansell

is organizing in the ten provinces with the ultimate aim of a Social Credit government at Ottawa. It should replace the CCF in this election, he said. Results in B.C. are very encouraging and Premier Bennett is optimistic about the number of Social Credit members that will be returned to Ottawa. Every constituency will be contested in Manitoba, where 17 per cent of the total vote was obtained in the provincial election.

Recreation Room for 92 guests

The bride toast was proposed by Rev. Dawson and a toast to the bridesmaids was given by Mr. Ted Rummel. Mr. Harold Ulmer again rendered a beautiful solo, "Oh, Perfect Love," and Mrs. Nat O'Hare sang "Let Me Call You Sweetheart" and "My Best to You."

To travel, the bride changed to a mushroom colored suit of orlon with, frosted-mint accessories. Her corsage was a white orchid.

Following their honeymoon, Mr. and Mrs. White will reside east of Vulcan.

TO APPEAR IN VULCAN

The Epley Sisters Gospel Quartette of York, Pennsylvania, will appear at the Vulcan Church of Christ Sunday afternoon, at 3 p.m. July 13.

The five sisters render a deeply spiritual program featuring vocal quintettes, soprano and alto solos, artistic piano-playing, and numbers on the Vibra-Harp, Violin, Electric Hawaiian Guitar, Saxophone, Accordions, Cathedral Chimes, and Trumpets.

The program is unique and different and has been rated as one of the best programs of its kind.

The Weather

As if to compensate in some degree for the disastrous hail storm that struck the north and east part of the district last Friday, the weatherman has made a good start towards giving us the first full week of sunshine this season.

Sunday, Monday, Tuesday and Wednesday have all been near-perfect days, with bright sunshine and temperatures in the high 70's—just the kind of weather needed.

Will Dedicate New Lutheran Church In September

Work has been progressing steadily this past year on the new Bethel Lutheran Church in Vulcan, situated two blocks east of the school.

Although most of the construction work was completed, members of the congregation have given considerable time and it is expected that the church will be completed late this summer. Church furnishings have been ordered and the dedication of the new church will likely take place the latter part of September.

The pastor is Rev. A. Gehring of Claresholm.

Camp Meeting At Queenstown

An eight-day revival and healing camp meeting will be held at Queenstown July 19 to 26 under the auspices of the Christian Training Centre. A daily vacation Bible School for children will be held in conjunction with the camp meeting.

Rev. B. G. Leonard will be in charge of the meeting, assisted by Rev. and Mrs. Carl Njokktjen and Rev. C. A. Christofferson, the Queenstown pastor. The Bible School will be under the direction of Mrs. Gladys Leonard and Mrs. Wanda Christofferson.

It is planned to hold three services daily during the eight days of the camp meeting.

Church of Christ Vacation School

Anne Chapman, who conducted the Vulcan Church of Christ Vacation Schools from 1948-1951, is in Vulcan again this year to conduct the vacation school. With her is Bernie Roehl, formerly of Alaska and more recently from Oregon.

Children below ten age will meet from 9:00-11:30 each morning of the week of July 13-17. The teen agers will meet Monday- and Tuesday evenings, July 13 and 14 for a weiner roast and a progressive dinner. All teen agers who plan to attend should register by noon July 13 by phoning 239. Wednesday afternoon at 3:00 the mothers of the children of the vacation schools will meet in the church parlor for tea. After the tea Miss Roehl will speak.

Featured at the school will be slides of the Life of Christ, tape-recordings, accordion music, and other items of interest to the children.

A program will be held by the children July 17, at 8:00 p.m. Everyone is invited.

June 17, to Mr. and Mrs. Milton Lewis, Travers, a daughter.
June 22, to Mr. and Mrs. Kenneth Jones, Vulcan, a son.
June 23, to Mr. and Mrs. Ernest Linley, Arrowwood, a son.
June 25, to Mr. and Mrs. Allan Sinclair, Vulcan, a daughter.
June 26, to Mr. and Mrs. Glen Racher, Vulcan, a daughter.
June 27, to Mr. and Mrs. Leonard Engen, Vulcan, a son.
June 27, to Mr. and Mrs. Sydney Rowland, Vulcan, a daughter.
June 30, to Mr. and Mrs. Ted Rummel, Vulcan, a daughter.

Will Compete In Food Judging

Madeline White, 16-year-old daughter of Mr. and Mrs. J. T. White who live south-west of Vulcan, is one of two girls chosen to represent the Nanton Girls' Club at the provincial competitions to be held at Olds this summer.

Norma Wagner of Nanton and Miss White will demonstrate a project on food, having been chosen to represent the district at the competitions held in High River June 20. Miss White, recent effie-

Vulcan Wins Tournament At July 1st Celebration

Ideal weather favored the Elks' annual celebration held at Vulcan on July 1, and an estimated 800 persons paid admission to the grounds.

A baseball tournament featured the day's activities, with Vulcan defeating Carmangay in the first game, Champion getting the edge on Nanton in the second game, and Vulcan then defeating Champion 1-0 in the final game to take top money for the day.

In the softball tournament, Dinton defeated Vulcan 7 to 6 and Berrywater defeated the County of Vulcan team 16 to 5. Dinton beat Berrywater 10 to 3 in the final game.

As is their custom, the Elks took special efforts to make the day an enjoyable one for the children. Free ice cream and pop was a big attraction and cash prizes were given in the program of children's sports.

The dance at night in the Armories was well attended. Total proceeds of the day will be used for maintenance and improvement of the Elks Memorial Park.

Vulcan 10 - Carmangay 4

Vulcan took an early lead in this game and was never headed. Vulcan: McPherson, Howlett, Janicola, Dann, Wynn, McAtee, Larkins, Pederson, Gatenby, Battery: Janicola to Wynn.

Carmangay: Collier, Moore, C. Rhodes, G. Rhodes, Anderson, Shoultz, White, Hernandez, Ganger M. Rhodes, Battery: Ganger and M. Rhodes to Anderson.

Champion 7 - Nanton 6

Champion led by a comfortable margin in this game until the bottom of the ninth inning, when Nanton exploded to drive across four runs, tying the game at 6-all and forcing an extra inning. In the 10th inning Champion scored the winning run, with Nanton failing to get a runner across the plate.

Champion: R. Fath, S. Pasoli, L. Pasoli, L. Rhodes, M. Smith, Buchan, Jensen, Wolfe, Groves, Battery: S. Pasoli to Jensen.

Nanton: Jensen Scott, McKenzie D. Hawk, R. Hawk, Ellington, Berger, Cooker, Young, Battery: Berger to McKenzie.

Vulcan 24 - Champion 4

Three Champion pitchers failed to stop the heavy-hitting Vulcans in this final game, with Don Jantzie leading the hit parade when he smashed out a homer with two on.

Vulcan: McPherson, Clarkson, Jantzie, Dann, Janicola, Wynn, Pruden, McAtee, Walker, Hunter, Battery: McAtee to Wynn.

Champion: Fath, S. Pasoli, L. Pasoli, Rhodes, Buchan, Jensen, Smith, Groves, D. Buchan, Battery: Smith, Groves and S. Pasoli to Jensen.

Stan Bernard of Conrich was umpire-in-chief for all three games. Keith Elder and Jim Jensen were the base umpires.

Two former semi-pro baseball players took part in a little opening ceremony, when Slim Haynes, well known former pitcher for Staveley, pitched the first ball to Frank Hess, one-time player on Vulcan's semi-pro team of the 1920's and now coach of the Vulcan team.

Slim Haynes is well remembered by baseball fans of 20 and 30 years ago when he sparked the famous Staveley club of that day to many a victory. He set a world record of pitching three shut-out games in one day and pitched competitive baseball when he was well past the age when most pitchers retire from the sport. Now residing in the States, he was a Vulcan visitor on Dominion Day and was given an ovation by the crowd when introduced.

Vulcan Rink In Stampede Bonspiel

A strong Vulcan rink is one of 48 competing this week in the first annual Calgary Stampede bonspiel.

Skipping the rink is Clarence Robinson, and other members are Harris Matlock, Howard Spaeth and Gale Atkinson.

ency award winner, will attend the Olds school July 19-25 and again in August, with Miss Wagner, to compete in the food judging competition.

Road Graveling Contract Awarded

The Alberta highways department on Friday awarded a \$45,493 contract for replacement of gravel surfacing to Mallett Contracting Co. Ltd. of Calgary. The work will cover about 31 miles on highway No. 23, Carmangay to north of Vulcan.

Unsuccessful bidders on the project were: Shaw Construction Co. Ltd., Midnapore, \$45,586; Gallilei and Sons Co. Ltd., Calgary, \$46,703; Tollestrup and McBride, Lethbridge, \$45,890; Sundre Contracting Co. Ltd., Sundre, \$47,478; Nick Zeller, Medicine Hat, \$48,240; and Poole Engineering Co. Ltd., Edmonton, \$56,479.

Salvation Army Officer Transferred

Sr. Major John Steele of The Salvation Army Public Relations Department, who has served in Southern Alberta during the past five years, has now been transferred to Office in Charge, Public Relations for the Province of British Columbia.

Sr. Major Steele has addressed the local Lions Club and visited annually in connection with the Red Shield Campaign.

Major Burton Dumerton of London, Ontario, has been appointed as Officer in charge, Salvation Army Public Relations Department in Southern Alberta.

SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

On Tuesday afternoon, July 14, there will be a weed demonstration held just out of the town of Vulcan at the Ross Walker farm, for the purpose of acquainting farmers with the rates and application of the "Sodium Chlorate" treatment on some of our persistent perennials. We feel that this will be a worthwhile effort if there is a good turnout.

This is an extra favorable year for the production of weeds both of the annual and perennial varieties, and one does not have to look far to see what happens when weeds get out of control.

Canada Thistle is exceptionally bad this year. 2,4-D will hold this weed somewhat in check, but does not exterminate it except where the farmer is more persistent than the weed. The Atlacide Sodium Chlorate we have on hand at the County headquarters will exterminate them if your area is not large to get over with the treatment, hence the need for using this chemical before the weed covers too large a patch.

We hope to have Hugh Michael, the District Agriculturist, attend this demonstration. He will be pleased to answer questions relative to the control of this weed and others.

Sow Thistle will soon be showing up in several spots throughout the County and it is well to get to know this weed and take immediate steps to eradicate it, wherever it is found. Often it will occur with only a few plants in a patch, and even a few minutes with a shovel will keep it under control, or better still have a supply of Atlacide on hand and soak the plants and the soil beneath it with the solution.

Silence Is Leadin

How irritating is the man who waits till a discus-
sion is over and then starts to say his piece. He sits
right through in profound silence, apparently nodding
approval to everyone. Then, when the whole thing's
settled and done with, he corners one or two friends
and starts in to pour scorn on his enemies because
they hold views conflicting with his own and on his
friends because they didn't argue with sufficient force.
Exasperated, a friend is liable to complain, "Then why
on earth didn't you say all this at the time?"

There are excuses for this man. The chances are
that he's not an experienced speaker. Maybe his words
dry up as soon as he's on his feet: maybe confusion
clouds his thoughts and plays havoc with his gram-
mar and maybe his mental processes do not work as
quickly as those of some other people. He may need
all his concentration to digest what the speakers are
saying and cannot rapidly marshal his own thoughts
and arguments.

But, though others excuse him, he must not be
so generous to himself. Why is he invited to sit in on
discussions? For his life-long experience and the
thoughts which that experience must have bred in his
mind. But silent thought is useless to a discussion—it
must be vocal or he might as well go fishing.

It is the duty of such a man to take some pains
to overcome his disabilities. Shyness is a monster on-
ly until it is resolutely attacked. Once a man stands
up to it with determination, it disperses as swiftly as
smoke in a breeze. And with shyness go all the other
devils of public speaking like inarticulation and con-
fusion. No great words can ever issue from the mouth
of a mute. —Industry.

Asphalt spray was applied to three blocks of main
street on Monday and has already eased the dust situ-
ation for the businesses facing this street.

CARD OF THANKS

I would like to thank the boys
and girls of the Champion Stud-
ents Union for the wonderful sur-
prise party given in my honor on
the evening of June 30... for the
mammoth bonfire and the good
eats and for the lovely gift. How-
ever, nicer than any of these is
the motive that prompted the af-
fair. — My thanks again, and best
wishes to all. — M. L. TODD.

IN MEMORIAM

SHIMP! In loving memory of our
husband and dad, Calvin Blair
Shimp, who passed away July 9,
1949.

"In our hearts he is fondly
remembered,
Sweet memories cling to his name.
Those who loved him in life
sincerely,
Still love him in death, just the
same."

— Lovingly remembered by his
wife and family.

The city youngster was roaming densed milk cans.
around in the country when he "Hey, guys," he called excitedly.
came across a pile of empty con- "I've found a cow's nest."

MAJORVILLE

A heavy thunder storm accompanied by hail hit the north of Majorville on Tuesday evening just about six o'clock. Extensive damage to growing crops was reported, estimates ranging from 75 to 100 percent. Bob Scott also had some windows broken in his house. Ray Wellman had windows cracked. Gardens also suffered from flooding caused by the heavy rain shower after the hail. Others reporting hail damage included Jim Dew and Billie Francis. Heavy hail also fell at the store, but south of that only showers of rain were reported.

Owing to the heavy condition of the roads, school children who had exams and tests to write boarded in town for the last week of the school term.

Vorece Wellman is in Vulcan looking after the drug store while Mr. Mitchell is on holidays.

Mr. and Mrs. Bartsch went to Pincher Creek on Saturday to attend the Aberdeen Angus cattle breeders' tour from Pincher Creek. They expected to go to Waterton Lakes for the weekend.

Honoring Fred Bertschy, who has retired after 25 years on the Bassano hospital board, a number of colleagues and friends met in Bassano for a banquet. Among the guest speakers were J. Wheatley Dr. Mason, G. Bell, M.L.A., Mr. Maxwell, supervisor of hospitals and Mr. Edwards, hospital secretary. Mr. A. Baxter, the board chairman, presented Fred with a Lazy Boy Chair and foot stool on behalf of the guests, and Mrs. Bertschy was presented with a bouquet of red roses.

Owing to the change over from Special Areas to County control, a shake up was deemed necessary in the administration of hospital affairs, and a councillor had to be named to represent this district on the Bassano board. Jack Deitz is now the member for Majorville and Bassano as well as Vulcan, and it should be here noted the change over whereby patients can receive treatment in Vulcan for a dollar a day has not yet been completed and Bassano is still the hos-

pital for this community.

Dougie Edwards and Billie Edwards, young sons of Mr. and Mrs. Chester Edwards, were very successful recently when the calves they exhibited at Brooks won the champion for Dougie and third for Billie, both youngsters attended East Majorville school before moving to Lathom where they now reside.

Melvin Kiemele of Lethbridge was home for a visit with his parents last week.

Of interest to Majorville where the groom grew up and went to school is the marriage in Bassano Presbyterian church on Saturday, June 13 between Bob Edwards, third son of Mr. and Mrs. Chester Edwards of Lathom and Mary Flaws of Carbon. Following the ceremony a reception was held at the home of the groom's parents. The young couple have now taken up residence in the Carbon district.

Mr. and Mrs. Burton Hingley were guests on Sunday at the Bert Clemmons' home.

Mrs. Hellevang, a former resident who now resides at Ladner, B.C. was in the district at the end of the week renewing old acquaintances.

On July 1 all roads from Majorville led to Bassano stampede. The road to Bassano is rough but most folks take the short road via the dam. The ferry is running but the river is high and for most drivers the rough road is the safer one. July 2 and nearly everyone who went anywhere took the road to High River. Gone seems to be the day when a community picnic with the neighbors was sufficient celebration for Dominion Day.

The second hail storm of the season hit the district on July 3. It was much more severe than the one ten days earlier as a heavy wind accompanied the storm. The hail was small and although soft, it covered the ground to a depth of four to six inches.

Damage to crops is heavy and gardens were ruined. Strawberries just ripening were beat to pulp. Potato tops and other garden stuff was riddled and beat to the ground. It would be easier to list who weren't hit this time as the storm came from the west straight east and was 6 or 8 miles wide and seemed to go through the whole district. Crops, if they do recover, will be late. The storm lasted only half an hour.

A meeting of the Liberty Community Club will be held at the former Liberty school house for the discussion of club business. The date is July 14 at 7 p.m. All interested persons are requested to attend.

Mrs. Leonard Voors is spending a few days in Calgary this week.

Mr. and Mrs. Geo. Greaves have been down from Calgary visiting with members of their family.

ENSIGN

Mr. and Mrs. H. S. Parker have their daughter Bessie of B. C. visiting with them.

Mrs. Morris Daganais and children are visiting at the home of Mrs. Odile Paton.

Miss Elaine Bruinskill of Calgary spent the weekend with Helen Mote.

Mr. and Mrs. S. Barker and Donna of Abbotsford, B.C., were business visitors in the district last week.

Mrs. A. Turley and Betty Lou of Calgary were guests at the Bill Turley home over the first of July. Mrs. Ed Kennedy has left on a holiday to be spent in Calgary and other points.

Bobby Stewart of Calgary is spending the summer holidays with his grandparents, Mr. and Mrs. C. Matlock.

Miss Ruth Williams has taken a position in the High River hospital prior to going to nursing school in September.

Miss Anna Brown has left for Red Deer where she will attend summer school.

BRANT

The Ladies Aid sponsored a banquet in the community hall on Monday evening for the members and the families of Farm Rural Electrification.

Mrs. J. Nicolas and family spent the past week visiting her mother, Mrs. Fairbanks at Barnwell.

Mr. and Mrs. G. Thompson and family of Brant, Mr. and Mrs. B. Walker and family of Vulcan spent the 1st of July in Waterton.

Mr. and Mrs. S. Richmond and baby left Tuesday to attend summer school in Edmonton.

Mrs. Ewan and children left on Wednesday to attend summer school in Edmonton.

A hail storm hit Brant and district on Friday morning and did considerable damage.

Mr. and Mrs. B. F. Sellers were Sunday visitors at Medicine Hat.

LOMOND

Misses Ellen Robins and Viola Bell of London, Ont., were weekend guests of Mr. and Mrs. J. W. Chambers. They left for Calgary on Monday to see the Stampede.

Frank Chambers of Calgary spent the weekend at the home of his parents, Mr. and Mrs. J. W. Chambers. On his return he was accompanied by his younger brother Billie who will spend a few days at the Stampede.

Mr. and Mrs. Stan Craig are down in the States for a two-week holiday.

Friends will be sorry to learn that Mrs. Albert Johnson has been a patient in the Vulcan hospital. All wish her a speedy recovery.

The Lomond Sports Day had to be postponed due to the very heavy rain and hail which fell here on Friday. It was too wet on the diamond for the teams to play although about 5 p.m. one exhibition game was played. The date now set for the Sports Day is Monday, July 13. Five teams, Retlaw, Enchant, Milo, Sundial and Lomond will play in the baseball tournament. Also there will be a horseshoe tournament and games and races for the kiddies. Everyone cordially invited to attend.

A severe hail storm about noon on Friday hit east of Lomond wiping out a lot of crops and causing severe damage to others.

Carmangay

Mr. and Mrs. Henry Ruminson and family of San Francisco, Cal., are guests at the home of the latter's mother, Mrs. A. Lund.

Mr. and Mrs. Harold Hovde and family and Mr. and Mrs. Ed. Mills and son left for Toppenish, Wash. to attend the wedding of Miss Roberta Maloney.

Mr. and Mrs. Don Moore and family of Creston, are visiting at the home of Mrs. Mina Greene this week.

Mr. and Mrs. Glen Moore were visitors in Calgary for a day last week.

Mrs. Andrew Schaffer is a patient in the local hospital where she underwent an operation on Saturday.

Mr. and Mrs. John Letal and family motored to Kuroki, Sask., to see Mrs. Letal's mother who is very ill.

Mrs. Bailey of Turin is visiting her daughter, Mrs. Rudy Hubka. Mrs. Ronald Olmstead is a patient in the local hospital.

Home & School Assoc.

Regular meeting of the Carmangay home and school association was held on June 23 with 20 members present. Miss Bakke took the place of the regular secretary, Mrs. Ray Lyckman. A discussion on recreation classes took place and the question was tabled until the September meeting.

Mr. Yeomans on behalf of the teachers thanked the Home and School Association for their help with the picnic. The expenses were covered by the silver collection taken at the picnic.

An election of officers will be held in the September meeting.

A motion was passed that the September meeting be held on the second Tuesday, Sept. 8, so we can get a good start and also welcome the teachers.

A film on the Miracle Fluid was shown. The meeting closed with the serving of lunch.

Town Hospital Auxiliary

Regular meeting of the hospital auxiliary was held on June 25. There were eight members present. Plans were made to buy blinds, new linoleum for bathroom and hall in the nurses home. Also plans were made to repair chairs and studio lounge in the nurses home.

Returns from the three Auxiliaries for the cancer fund was over \$400 from this district.

Sunday School Picnic

The United Church of Carmangay held their Sunday School Picnic on Saturday, June 27 on Gray's farm south of town. There was a good turnout of men, women and children to enjoy the lovely day. The younger children played games while the older ones played softball. Races were run off just before lunch. The picnic came to the end with a pot luck supper.

Social Credit Picnic

Approximately 40 people gathered at the farm of Faye Smith on Thursday evening for a picnic. The program consisted of races and singing. Weiners and buns were had around a bonfire to finish off the evening.

Anglican Guild

Ladies of the Anglican Guild met at the home of Mrs. W. Neilson on Thursday, June 25 with five members and one visitor present.

A report on the Coronation tea and Fashion Show was given.

The next meeting will be held in the form of a picnic at Baldwin's farm, the tentative day set for July 19. Plans were made for the picnic.

A dainty lunch was served by the hostess, Mrs. Ena Neilson and assisted by Mrs. Pat Sparks.

Thank You

We would like to thank the two teams, Georgia Cotton Pickers and the Pocket Pickers, for their game and donation to the Hospital Auxiliary on June 18.

Hospital Auxiliary

North Priscilla Club
Eight members of the North Priscilla Club and two visitors met with Mrs. Elvora Anderson on

June 16th.

The entertaining of the Primrose Club was postponed until a later date.

Flowers had been sent to Mrs. H. A. Frank while a patient in hospital.

Plans were made for a picnic at Park Lake on July 26 with a table reserved at the south end of the Park.

The next meeting on July 8 will be held at the home of Mrs. Raymond Egger.

Mrs. Ruth Dahl joined the club. Little Arnold Schumaker was presented with a silver drinking cup.

The raffle was won by Ruth Schumaker. The hostess then served a delicious supper.

25th Wedding Anniversary

Nearly 200 friends, neighbors and relatives of Mr. and Mrs. Clarence Anderson met at the Finn Hall on June 21 to help them celebrate their 25th wedding anniversary.

First a delightful program was enjoyed which consisted of the following numbers: Alec McMillan acted as master of ceremonies. The program opened with O Canada, followed by community singing; a violin solo by Jimmie Batycky; an accordion duet by Ruth Dahl and Ole Draker; reading by Mrs. Ray Burns; vocal duet by Mrs. D. Shearer and Mrs. W. Gray; a mock wedding with Cheri Church as bride, Morris Hauser, as groom, Shirley Wennes, bridesmaid, Larry Stettner, best man, and Frankie Lazo as minister.

An accordion solo by Ole Draker tap dance by Cheri Church; a selection on the bagpipes by J. Lehto; duet by Mrs. Gray and Mrs. Connie Stettner.

Chester Odegaard then presented the honored guests with a set of dishes from the community. Mrs. Askel Wennes on behalf of the family, presented Mr. and Mrs. Anderson with a set of silver.

The tables were then set and a delicious lunch enjoyed. The table at which the guests of honor were seated was centred with a three-tiered wedding cake flanked by vases of spring flowers.

Some people blame the wet weather on the explosion of atomic bombs in the Nevada desert. If such is the case, why is it that the province of Quebec is suffering from drought?

District News

MILO

To those of you who have not visited this community since Christmas will come a surprise and wonder when you first view the new and imposing three wire high line that has just been completed from the river on the eastern extremity of the district to as far as the eye can see over the Buffalo Hills. At one time the fence posts were the only things that broke the monotony of the horizon and then the telephone poles were reared. Only last year when the local power line went through did anything tall really show up throughout the country. But with these new structures our local line appears very insignificant. Towering up to fifty feet in the air with two poles to each structure, and a huge cross arm holding them together across the top, with two long heavy sway braces again supporting them in an upright position and three great wires looping from long insulators, they are truly an imposing sight. Last winter when the ice was on Snake Lake holes were dug in the bottom of the lake and the poles set and wires strung. Most of the structures stayed upright but two of them gave way and floated down the lake as far as the wires would allow. Now this summer when the rest of the line was completed, the job of again getting those huge structures into an upright position and holding them there was undertaken. This time the wire crew worked alone as the ground crew had moved to Mossleigh. Much trouble was anticipated and still more was encountered. First of all ground anchors were screwed into the bottom of the lake to anchor the poles to once they were in position. Then came the gigantic task of bringing those water soaked poles back from their floating position down the lake and standing them upright. Each pole weighs approximately two tons, so the weight of an entire structure after it had been in the water for several months would indeed be great. The men had to work a great deal of the time in the water and if you will remember there has not been any hot weather to warm up the water even in a shallow lake like the Snake. One structure was finally brought back and they began to winch it into position but a kink got into the wire and the whole thing got away and they were forced to do all the work over again. However, they were finally both winched upright and guy wires were fastened in all directions to hold them there. The wires were fastened onto the insulators, if you can imagine anyone climbing fifty feet into the air over water and working without a safety belt much of the time, that is the way they worked. But now the line is finished in this part of the country and the crew are moving on to Mossleigh where they will join up with the line which is already done from Calgary to Carleton Place. The McGregor Telephone and Power Company are the contractors who have put the line through under the hire of the Calgary Power, and the foreman of the line crew was Roy Shockey, formerly of Taber, but officially of anywhere the company decides to send him. One can't help but think as one watches the linemen at work that there must be an easier way to make a living, but they say that high climbing gets in your blood and anything nice and safe on the ground loses all appeal as a job.

Many people from this community went to High River to the Stampede last week. It was a good show with no delays in the events and some really good rodeo performances put on. The clowns, which by the way are the same ones which are in Calgary at the Stampede, were very good as well as life-savers to the cowboys who came out on the fierce, onery Brahma bulls. The races were very enjoyable and of course great interest was shown in the chuck wagon races which were a preview for the Calgary show.

The annual Odd Fellows picnic was held on the first of July at the Lake. This time the weather was beautiful and a very large crowd turned out. Free ice cream and pop was given out all day by the Odd Fellows. A ball game of the married men versus single men was held with the single men taking such a beating that it is surprising that they would even show their faces at the supper table, but of course it would take more than that to keep them away from food.

Mr. and Mrs. Art Forrester and two children of Grand Prairie have been spending several days at the home of Mr. and Mrs. Gordon Ivers and visiting with friends in the district. Mr. Forrester was formerly the manager of the Co-Op store in Milo.

Last week a vicious hail storm struck in this district doing untold damage. It hit harder in some

general throughout a very large area. In some places the wheat fields look as if they have been ploughed and you can hardly tell that a crop was ever flourishing there a short time ago. Windows were broken and chickens were killed. Some of the crops will come back but even if there is no more hail, they will be so late that the danger of frost will be overwhelming. You just can't win all the time and some people don't any of the time. This is the second and third times that hail has struck some of the locales this year.

Mrs. Nell Burk has been spending some time in Cluny visiting with her brother and sister-in-law Mr. and Mrs. Stevie Williams.

Mr. and Mrs. Bill Osler of Vancouver and formerly old timers of this district, are at present visiting with their son-in-law and daughter, Mr. and Mrs. Harold Northcott.

Mrs. Eva Ivers accompanied by Marlene and Johnny have gone to the west coast to visit with friends. Last winter it seemed as if the column was made up of principally curling news but who would think that we would have any of it during the middle of summer, but here it is. Bob Bertrand, Len Northcott, Roy McIntyre and Dave Crabb went to Nelson to take part in the mid-summer bonspiel held there annually. The men were accompanied by their families and Bob and Helen Bertrand plan on continuing on to Montana for a little longer holiday.

Lloyd, Betty, Floyd and Byrila Armstrong, Joe and Bernice Thomson; Hap and Ethel Heather and Larry and Margaret Umscheid left Monday for a camping and fishing trip to Kananaskis lakes. We hope the fish aren't too elusive this year.

Here is an item of interest to the Community. Orland Brinker, formerly of Milo, was married Saturday night in the Scarborough United Church in Calgary. The name of his bride is not known but congratulations are extended to both of them.

Mr. and Mrs. Neil Dumpka and family have moved into the vacant house owned by Everett Herman until their house in Vulcan is completed.

Mrs. Gladys Shields has taken over the switchboard during the absence of Mr. and Mrs. Beechman who are visiting with relatives in Edmonton.

Here is another extract from the old album:
A girl's love is like gold,
Hard to get and hard to hold;
A boy's love is like snuff,
One pinch and that's enough.

ARROWWOOD

Mr. and Mrs. Lorne Henry of Vulcan are spending a few days visiting relatives in the district.

Mr. and Mrs. Dayton Williams and family and Mrs. Dora Salter are spending a few days visiting Mr. and Mrs. Earl Salter of Alex.

Mr. and Mrs. Art Hoerle and family are visiting for a week at the home of Mr. and Mrs. E. Hoerle of Delburne.

Miss Adeline Beagle of Briar Crest, Sask., is visiting with Mr. and Mrs. R. Culp and will be going to summer school. Miss Diane Morley accompanied her out and is visiting her father in Calgary.

Mr. and Mrs. Jay Beagle and Mrs. C. Arens and family were visitors with Mr. and Mrs. Herb Krueger of High River on July 1.

Little Linda Brown spent a few days in Vulcan hospital but is now home and feeling much better. A birthday party was held at the home of Arlene Williams, in honor of Norman Jacobson. After an evening of entertainment, a delicious lunch was served.

Mr. and Mrs. V. Culp and Mr. and Mrs. R. Oberholtzer were Sunday visitors at the home of Mr. and Mrs. F. Bertschy of Majorville.

Mr. and Mrs. Harold Williams spent last week end in Shelby, Montana. They were accompanied by Mr. and Mrs. Ross Kennedy of Brant.

A Hobo tea was held on Friday at the home of Mrs. M. Pinkerton. After a short visit, the hostess served a delicious lunch.

Mr. and Mrs. R. M. Salkeld and Miss Lorraine Salkeld of Gerald, Sask., are visiting at the home of their son and daughter-in-law, Mr. and Mrs. Len Salkeld.

Mr. and Mrs. Al Roth of Calgary were Friday visitors, at the home of Mr. and Mrs. Ray Helm.

Mr. and Mrs. D. La. Forge of Edmonton are visiting at the F. Burger home.

Mr. and Mrs. Emil Norstrom of Wildwood and Mrs. C. Miller of Edmonton are visiting friends and relatives in this district.

Mr. and Mrs. Melvin Bowman and son of Visalia, Calif., are visiting at the home of Mr. and Mrs. E. Burris.

Say folks, don't forget the Red Cross Blood Donor Clinic to be held in Arrowwood on July 14 at 1:00 to 3:30 p.m. Everyone come and do your part for such a worthy cause.

ARMADA

Several local citizens attended the wedding dance of Mr. and Mrs. Gordon Boyd held in the Milo JOOF hall on June 26.

Mr. and Mrs. F. Oakes and family motored to Calgary for the weekend.
